

JOB POSTING

Postdoctoral Researcher – Friendly workplace, flexible hours, and generous paid time off

The [Vermont Center for Ecostudies](#) (VCE) seeks an enthusiastic and versatile Postdoctoral Researcher who can work effectively both individually and as part of a team. The successful applicant will add data analysis and modeling capacity to several VCE projects and work closely with VCE's science team. Key qualifications include experience conducting independent research, an advanced understanding of sampling design and statistical methods, and a demonstrated publication record.

Our Organization

The Vermont Center for Ecostudies promotes wildlife conservation in New England and across the Americas through scientific research and community engagement. Our scientists and volunteers gather essential information to guide habitat stewardship. We work with many partners, primarily in New England, Canada, and the Caribbean, where some of the Northeast's migratory birds overwinter. We are committed to creating a workplace culture that respects and celebrates diversity and values the wellbeing of all employees. We accomplish this by offering flexibility within the workday to help foster a healthy work-life balance.

Position Summary

The Postdoctoral Researcher will support VCE's efforts to collaborate with the state of Vermont in using Vermont Atlas of Life data to evaluate the effectiveness of the Vermont Conservation Design in protecting Species of Greatest Conservation Need. By bringing analytical and modeling expertise to the team, the Postdoctoral Researcher will contribute to efforts that will better inform the development of Vermont's 2025 Wildlife Action Plan. The Postdoctoral researcher will also have opportunities to apply their skills to other VCE projects including [Mountain Birdwatch](#), [Mount Mansfield Bird Monitoring](#), and [Vernal Pool Monitoring](#).

The Postdoctoral Researcher works out of our office located in the vibrant community of White River Junction, across the river from Dartmouth College. This is a full-time position with a salary of \$56,500. VCE offers health, dental, vision, and retirement benefits plus 30 days of paid time off per year. Funding is initially for one-year, but this position can be extended for an additional year based on interest and performance.

Application Procedure

Please send a one- to two-page cover letter, C.V., a one-page statement highlighting your contributions to diversity, equity, inclusion and belonging as a single PDF attachment to Dr. Ryan Rebozo (rrebozo [at] vtcostudies.org) with "VCE_2024PostDoc_Application" in the subject line. Application review will begin on July 1, 2024 and continue until the position is filled.

All qualified applicants will receive consideration for employment without regard to race, color, religion, ancestry, national origin, sex, sexual orientation, gender identity, place of birth, crime victim status, disability, or protected veteran status. We are committed to achieving an equitable work environment and wish to connect with a diverse pool of candidates in this search.
